Poster Prizes

Dean of Student's Social Impact Award

Awarded to projects demonstrating potential for positive social impact.

E.J. Pratt Library Primary Sources Prize

Awarded to projects involving the study of "primary sources" as defined in the humanities and social sciences. Two E.J. Pratt Prizes will be awarded for 2024. One prize will be awarded to a project from the Social Sciences discipline, and the other from the Humanities discipline.

Principal's Science Prize

Awarded to projects demonstrating excellence in any area of the sciences.

Science, Technology, and Society Program Prize

Awarded to projects involving some consideration of the relationship between Science, Technology, and Society.

Victoria College Student Choice Research Prize

Awarded to the project receiving the highest number of student votes.

VUSAC Student Experience & Wellbeing Award

Awarded to projects that consider the university as an institution and the experience of students or student communities within it. Such topics might include, but are not limited to, student organizations and organizing, student success or wellbeing, the institution of the university on a national or international scale, or issues of equity and diversity as they relate to undergraduates. Research that aligns with the overarching themes of community, pedagogy, and student life is eligible to be considered for this prize.
